

# They Talk Shit About Me

M. Pokora

He's my number one (6x)  
They keep telling me "don't trust a beautiful girl"  
But they can't get no girl like me  
Sexy like a strip show  
But she got the brains though  
Tagg team she's my M.V.P\*  
They ain't into us  
They're so envious  
Trying to tell me that my girl is too dangerous  
But she's my Mrs P  
That's p for perfection  
Her attention is all I need

There goes my baby  
And ain't she the real thing  
I got her now... he's my number one...  
He's my darlin  
And he got my heart set  
I'm talking about  
She's my number one...

They talk shit about me (6x)  
Oooohhhh

All my girlfriends are j j jealous  
They don't like my man cause he's g g generous  
Thinking that they're way way way ahead of us  
They keep telling us it's won't never last  
He's a bad influence  
They so envious  
I think the gravity is stronger' cause I'm falling fast  
Two halves make a whole  
Two hearts make a soul  
My body, you're body baby do the math...

There goes my baby  
And ain't she the real thing  
I got her now... He's my number one...  
He's my darling  
And she got my heart set  
I'm talking about  
She's my number one...  
They talk shit about me (6x) Oooohhh  
Come on they talk shit about me

My girl is a permanent fixture, jamaican and latina  
And affirmative mixture  
You talk about him bad, I'm a bury you six foot  
Cause he gone be my man 'til the planet has blown up  
She's my Venus, galaxy's can't get in between us  
We're Adam and Eve with a remix  
I'd get he a star from heaven but I can't reach it  
I can't find a diamond as beautiful as she is  
We go toge... we go to ge ge gether  
Don't listen to you will lonely as girlfriends ever,  
Remember baby you're the Ben & Jerry's I'm the cone  
You're the stone I'm the setting you won't ever be alone

Ha no! 'cause I'm only a call away ay ay  
And though they say it just another cliché eh eh  
She's my lady and they say no face  
She's my lady...  
Jl'aime depuis le lycée

There goes my baby  
Ans ain't she the real thing  
I got her now... He's my number one...  
He's my darlin'  
And he got my heart set
