

## Easier Tonight

Matt Wertz

So the stage is set, the stars and moon above  
I've come so far to get here, baby look at us  
I am as nervous now as I was back then

Staring back at me in that white summer dress  
The smell of jasmine takes me back to our first kiss  
And I don't know where to start  
But I'm leading with my heart

'Cause I've told you that I love you  
From everything I've shown  
And it's time to speak the truth  
And finally let you know  
Though I've always known  
What to say every other time  
I just wish that words came easier tonight

I never said I love you to any girl before  
I'd say those words for something that meant more  
So I promise when I do  
I will give my heart to you

'Cause I've told you that I love you  
From everything I've shown  
And it's time to speak the truth  
And finally let you know  
Though I've always known  
What to say every other time  
I just wish that words came easier...

Tonight's the night I'm jumping in  
It's why we started and it's how the story ends  
I'm down on my knee and I'm asking for your hand  
I'm asking for your hand

I just told you that I love you  
Now everything has changed  
What used to try and stop me  
Just got pushed out of the way  
And I always knew what to say  
It just wasn't the right time  
But it could have gone easier tonight  
But it could have gone easier tonight  
But it could have gone easier tonight
