

# Don't Let It Go To Waste

Matt Willis

Drawing circles on the window  
Then I'm staring at the floor  
There are places that we could go  
'Cause we've been here before  
And I'm losing myself  
And I'm feeling a little...  
Confused, I need help  
I'm outta here

Get out the car honey,  
What you said was outta place  
Well I guess I'm walking home  
With that sad look upon my face  
Straight from the heart no worries,  
Got a lot of love to make  
Can you feel it a little...?  
Don't let it go to waste

We're like a long distance conversation  
With a two second delay  
Talk a lot but we don't listen  
And we got so much to say

And I'm losing myself  
And I'm feeling a little...  
Confused, I need help  
I'm outta here

Get out the car honey,  
What you said was outta place  
Well I guess I'm walking home  
With that sad look upon my face  
Straight from the heart no worries,  
Got a lot of love to make  
Can you feel it a little...?  
Don't let it go to waste

And I don't want to miss you  
Even though we got issues  
Yeah I know we can get through  
Live for it all, 'cause after the fall comes the high

Get out the car honey,  
What you said was outta place  
Well I guess I'm walking home  
With that sad look upon my face  
Straight from the heart no worries,  
Got a lot of love to make  
Can you feel it a little...?  
Don't let it go to waste  
Don't let it go to waste  
Don't let it go to waste  
If you feel it a little  
Well don't let us go to waste
