

# Up All Night

Matt Willis

There's a picture in my wallet  
I dare not speak her name  
There's a letter with it on it  
Washed out by the rain  
And I wonder where I'm going  
'Cause every day's the same  
And it's summer in the suburbs  
And I'm not sleeping

Tuning in on frequencies  
That people leave without thinking  
On mobile phones and radios  
I'll get there in the morning

Keeping me up all night, Baby do you feel alright?  
Keeping me up all night, I long for the morning light  
Keeping me up all night, Baby do you feel alright?  
Keeping me up all night...  
It's five in the morning  
(I'm out of my head and that's not right)  
(I can't get you out of my mind)

I've been walking out of myself  
Random out of phase  
I've been talking to a stranger  
I haven't seen for days  
I've been smashing up computers  
'Cause I can't play their games  
And I suffer from confusion  
I can't remember

Names to all the faces  
From the places I've been going lately  
I've been searching, can't stop searching  
It's gonna drive me crazy...

Keeping me up all night, Baby do you feel alright?  
Keeping me up all night, I long for the morning light  
Keeping me up all night, Baby do you feel alright?  
Keeping me up all night...  
It's five in the morning  
(I'm out of my head and that's not right)  
(I can't get you out of my mind)

Keeping me up all night, Baby do you feel alright?  
Keeping me up all night, I long for the morning light  
Keeping me up all night, Baby do you feel alright?  
Keeping me up all night, I long for the morning light  
Keeping me up all night, Baby do you feel alright?  
Keeping me up all night...  
It's five in the morning and nothing seems right  
It's five in the morning  
I can't get you out of my mind
