

# To & Fro

Mattafix

I had a thought of you,  
In solitude without rescue.  
Your thoughts are in the  
Puring rain,  
And you feel the way you  
Did before I met you.  
Now I see the pain  
Forcing you to blame,  
The only man that loved you.  
Well no one more got  
Close to me before.  
I'm amazed I let you.

To & fro,  
Is how my thoughts  
Would go,  
While I was looking for,  
My release.  
You should know,  
I had to let you go,  
Now and forever more,  
I'm out of reach.

Now I see it all,  
Right before me,  
Your little story.  
My role was on the page,  
I refused to play in your  
Tragedy.  
I feel no remorse while  
You deal with yours.  
How you feeling lately?  
Well no one more got  
Close to me before.  
Lady you betrayed me.

To & fro,  
Is how my thoughts  
Would go,  
While I was looking for,  
My release.  
You should know,  
I had to let you go,  
Now and forever more,  
I'm out of reach.

Hence in the past tense,  
The sentiments,  
The arguments,  
Taking offence.  
The only consequence,  
I'm left to lament,  
The love that came and went.  
I'm still a true gent.  
Never bitter and never  
Twisted.  
Only optimistic about

The main statistic.  
Number one is standing  
Vertical cause I never  
Take things personal.  
Believe me,  
My woman my woman  
Is gone,  
And so me jus move on.  
Da Linguist, this producer  
This performer,  
Moulded by the pain and the trauma.  
I'm on a mission to listen  
To intuition more than  
I've ever done before  
Never keep it hidden.  
I won't waist away,  
I'll wake up from day  
To day and I'll face this.  
You're on a need to  
Know basis.

To & fro,  
Is how my thoughts  
Would go,  
While I was looking for,  
My release.  
You should know,  
I had to let you go,  
Now and forever more,  
I'm out of reach.  
Out of reach.
