

Grab

Maude

You know so well, we're not alone in this bar.
Why is it so hard just to say "No".
No, is such a powerful word
We're not capable of saying tonight.
But though we're not saying the word,
Listen to our hands as they slide.
Answer my eyes, they can talk.

The way you grab says it all.
As well as my stare can say it all.

Neon in a dark place lights flickering
Amidst all the flashes,
Oh, it's so clear.
A mirror of my mind inside your head.
No need for toxins to make it happen.
