

Stand And Step

Maude

Stand and step, walk with me.
I know you want to move and seek
True comfort in getting lost
Let's get oblivious.

No city lights, no cozy blankets.
Moving is the great affair.
I don't know where this trail ends
But moving on starts with a step.
Move on.
Stand and step.

Paint my wall with animals.
Whatever it takes to make us care less.
Tramp the sky.
Humans don't fly,
But we can get high!

No city lights, no cozy blankets.
Moving is the great affair.
I don't know where this trail ends
But moving on starts with a step.
Move on.
Stand and step.

Walk with me.
Tramp the sky.
Humans don't fly.
I know you want to.

Moving on starts with a step.
Move on.
Stand and step.

Moving on starts with a step.
Move on.
Stand and step.

No! City lights, no cozy blankets.
Moving is the great affair.
I don't know where this trail ends
But moving on starts with a step.
Move on.
Stand and step.

Stand and step.
Stand and step.
Stand and step.
Stand and step.
