

# Can't Be Wrong

Maverick Sabre

No it can't be wrong  
Moving on  
No it can't be wrong  
Moving on

Why does time never wait  
Aren't you tired of the same  
Carry on

No it can't be wrong  
Moving on

It's hard to justify  
When did you decide I could leave  
Who am I supposed to love  
Who am I even supposed to be

Been spending every night  
And we've been here a while  
And if staying here's a crime  
Then I don't want to do the time

No it can't be wrong  
Moving on  
No it can't be wrong  
Moving on

Why does time never wait  
Aren't you tired of the same  
Carry on

No it can't be wrong  
Moving on

Darling, no I never meant to make you tired, never tired over me  
Now that I paid back the time  
Maybe I deserve some peace

Spending every night  
And we've been here a while  
Please  
And if staying here's a crime  
Then I don't want to do the time

No it can't be wrong  
Moving on  
No it can't be wrong  
Moving on

And all I want is stay there...
