

Get Down

Maverick Sabre

Yeah

We could stay here 'til the morning (I'll make you feel alright
)

I never planned on getting caught up (Yeah)

Now we're speaking under red lights (Now don't you feel alright

And heaven must be lonely since you've fallen angel

Free love makes things better

Baby, I love the fever (Oh, oh, oh, get down)

Get down, get down, get down, get down

Oh, oh, oh

Free love makes things better

Baby, I love the fever (Oh, oh, oh, get down)

Get down, get down, get down, get down

Oh, oh, oh
