Steak sauce on a porterhouse

Hit a swig, 100 thou in a gig

Running round in the crib

Momma proud of the kids come on

Never got straight A's but made M's

Locked in the State pen but never made friends

Six-seater, quarter million a Bigga feature

Fuck a battle, give a nigga the millimeter (yeah)

I Give a nigga what he need

Love thy neighbor, pray for my enemies

They watch with binoculars say cheese

I ain't tryna be popular say please

I averaged 30 a game eight Re's

Three piece suits up no more state greens (ow)

Clear the scene had to let off a few shots, riding on a nigga like 2 PAC

Christian Louboutin in a new drop, yeah riding on a nigga like 2PAC

I forgot to bring the baby her juice box, riding on a nigga like 2PAC

Three bitches at one time, two shots, riding on a nigga like I'm 2 PAC

Dudes with the power come through and devour

And all they was on was Grand Cru and Sour

Jewels and the outfits up in the hundred thousands

With money that they made from standing in front of housin'

Hand in hand they even off the phone

Fingerprints off the chrome

That off your dome

They just need to know you ain't with me

In the era of the haze how you move that piff be

When I'm coming down 8th in that new 850

All cocaine white, don't smell me sniff me

Broker the deal got a boss percentage

I used to sell bricks and live off the interest

Made a lot money but I lost some friendships

Discontinued my cloth is vintage (yeah)

Bags is larger, fuck you thought, B?

Extra wavy, real New Yorkey (what)
