

# Blueberry Eyes

MAX

Hmm

Oh, oh woah-o

Yeah that's better

Let's do it, well

Damn, you look so good

Laying there wearing nothing but my t-shirt

Your body's a neighborhood

Wanna drive my lips all around it

'Cause I'm holding my breath

Wondering when you're gonna wake up in my arms

Head on my chest

My heart's beating

I can't wait to

Kiss you each morning

With strawberry skies

'Cause I get so lost in

Your blueberry eyes

I'm running through my dreams

To see you in the light

'Cause I get so lost in

Your blueberry eyes
