

I gave you all my lovin'
Offers I had a dozen
But I aint gave em nothing
Never do you like that

But then I caught you creepin'
Secrets that you've been keepin'
Like every other weekend
Why you do me like that?

So now you say you take it all back
Yeah that don't mean jack
Cause I know the facts

I swear you must be smoking that crack
Feat. Hoodie Allen

I'm dippin so fast
Yeah I don't need that

Now you're running your mouth
But there's nothing that can slow me down
You're messing around
Got me thinking that it's time you go oh oh oh
Cause I'm not listening

I see you move your lips but it sounds like gibberish

I don't need to recover
Rising way up above ya
Go run and tell your mother
Why'd he do me like that

Good luck with all the others
Don't care about the number
You all deserve each other
Why you do me like that

So now you say you take it all back
Yeah that don't mean jack
Cause I know the facts

I swear you must be smoking that crack
I'm dippin so fast
Yeah I don't need that

Now you're running your mouth
But there's nothing that can slow me down
You're messing around
Got me thinking that it's time you go oh oh oh
Cause I'm not listening

I see you move your lips but it sounds like gibberish
