

## New Life

MAX

Starting with my new life  
New life  
It'll never be the same  
But I'm young enough to change  
In my new life  
New life  
La la la...  
Life

Better off  
Better for it  
Whoever I was  
Seems prehistoric  
I learned a lot  
Now I know that  
My loyalties lie  
With me myself and I so

I ain't looking back  
It's a celebration  
Looking forward to  
My new Situation  
Standing in the mirror  
Had a conversation  
I'm taking my own advice

Starting with my new life  
My new life  
It'll never be the same  
But I'm young enough to change  
In my new life  
New life  
Gonna take it as it comes  
Ain't nobody gonna run  
My business but me  
Might be just what I need  
I'm the one who decides what my tombstone will read  
In my New life  
My new life  
La la la...  
Life

24 hours in a day  
I got a lot time  
But I don't got any to waste  
And I remember what my momma say  
If you're looking back  
You're looking the wrong way

I ain't looking back  
It's a celebration  
Looking forward to  
My new Situation  
Standing in the mirror  
Had a conversation  
I'm taking my own advice

La la la...  
Life

Ooh, ooh-ooh-ooh  
Ooh, ooh-ooh-ooh  
Ooh, ooh-ooh-ooh  
Li-li-life  
I ain't lookin' back, this a celebration
