

Not So Different At All

MAX

[1st Rap]

The bright lights is flashing
I'm surrounded by madness
Yellow cabs is passing
I'm just try'na make it

Something special to me
Change falls at my feet
Big dreams of Hollywood
Won't you come take a closer look

[Pre-Chorus]

I'm seeing the bright lights
The fancy cars
Cover the magazines
That's what I want
But if you can look inside my heart then
You'll see come a little bit closer

[Chorus]

We're not so different at all
At all
At all
Hey, We're not so different at all
At all
At all
Hey, we're not so different at all!

You looking at me
Tell me what you see
You should know we're not so different at all
Let's shoot for the stars
I think we'll go far
Believe it cause we're not so different

I see you on the big screen
You see me chasing my dream
We kinda do the same thing
We're not so different are we?

Its nothing to it
Together we could do this
Its only just the matter
The matter
The matter of time

[Pre-Chorus]

I'm seeing the bright lights
The fancy cars
Cover the magazines
That's what I want
But if you can look inside my heart then
You'll see come a little bit closer

[Chorus]

We're not so different at all
At all

At all
Hey, We're not so different at all
At all
At all
Hey, we're not so different at all!

I'm looking at you
We're singing it through
Don't you see we're not so different at all

I know where I'm from
A kid from the slums
Hope you see we're not so different

My music's on the corner
Your music's got me on ya
It plays throughout the city
And I don't think I'm dreaming baby
I'm gonna do it pursue my dream and use it
It's only just a matter
A matter
A matter of time

I'm seeing the bright lights
The fancy cars
Imma live my dream
Gonna go real far
If you look inside my heart
Then you'll see
So come a little bit closer

[Chorus]
We're not so different at all
At all
We're not so different at all
At all
We're not so different at all!

[2nd Rap]
What's up?
I'm dreaming
I'm living it up
Its true
I love what I do yeah huh
No I'm never giving it up
Throw me the ball
I'll hit it out the park
Just a little light try'na get out the dark
And even when I shine I never stop
Yeah, Yeah Darkchild

I'm seeing the bright lights
The fancy cars
Imma live my dream
Gonna go real far
If you look inside my heart
Then you'll see
So come a little bit closer

[Chorus]
We're not so different at all
At all
We're not so different at all

At all
We're not so different at all!
