

# Blowing The Blues Away

Max Webster

(M & L--Terry Watkinson)  
There's a bottle of wine in the kitchen  
If you feel like hanging around  
We can watch the rain on the window  
We can burn your blues to the ground  
Blowing the blues away  
If you got shot down by a bad man  
Baby I can bring you around  
I can lay on love like a mad man  
I can burn your blues to the ground  
Blowing the blues away  
I liked you better in your rags, Cinderella  
'Cause that's when you like to play  
Drying up a rainy day  
Blowing the blues away  
Drying up a rainy day  
Blowing the blues away  
Mama would you like to play  
Blowing the blues away
