

Merry Christmas Baby

Maxi Priest

Merry Christmas baby
You sure do treat me nice
Merry Christmas baby
You sure do feel so right
You gave me all this love for Christmas
You make me feel like I'm in paradise
It feels mighty fine baby
We got music on the radio
And me and you together baby
Wrapped up all night long
Said I feel like I'm gonna kiss you baby
Underneath the mistletoe

I said Merry Christmas baby
You sure do treat me nice
Merry Christmas baby
You sure do feel so right
You're the best thing
I got for Christmas baby
And I'm gonna love you
For the rest of my life

Merry Christmas baby

You gave me all this good love
For Christmas
Makes me feel like I'm in paradise
Merry Christmas baby
You sure look good tonight
I said Merry Christmas baby
Your love is out of sight
You gave me all this good love for Christmas baby
Makes me feel like I'm in paradise

I said Merry Christmas baby
It sure feels good tonight
I said Merry Christmas baby
You sure do treat me nice
I hear jingle bells ringing
In the sweetest melody

I said Merry Christmas baby
You sure do treat me nice
You sure do treat me nice
Merry Christmas baby
You sure do feel so right
