MC Ren

"Is America like ancient Rome?"

"Is America like ancient Babylon?"

"Come on, come on, come on, come on, come on.

I wanna hear from you"

I told ya Ren'll be back with the niggaz in the Dodge and the camoflauge  
But it after Tahj, a million niggaz no mirage  
Creepin' and we're creepin' in your little white Hutz  
20 million niggaz chantin' I don't give a fuck  
It's on, the switch got flicked but who did it?  
When that shit was committed, fuck that was my mack  
Niggaz gettin' crazy 'cause Ren is in the front  
With supreme wisdom, puffin' on a blunt  
Train by my side tearin' up shit  
With his bulletproof vest, still yellin' double S  
The whole community is up in a rage  
'Cause niggaz be movin' closer to white motherfuckers'll make 'em as slaves  
And then they put these sell out niggaz on the TV  
To try to calm down niggaz like you and me  
But fuck that shit, 'cause my eyes are closed  
'Cause Ren ain't got time to be fuckin' 'round with them hoes  
So I see ya at the grave where we bury 'em  
Even motherfuckers that went out and even married 'em  
Now it's time to attack take this motherfucker back  
Bring it on, and it's on

(CHORUS) (8x)

Attack, attack, attack on Babylon

Here comes the doom, so listen to the tick of the tock  
Can't keep niggaz off your block, don't forget we got the glock  
And the sawed-off, and the trey 8's  
And the duce duce, and the niggaz in the pen breakin' loose  
So Ren will conduct this, but I pull my dick and say suck this  
For the niggaz that say fuck this  
That ain't down, and step foot into the car  
To commit the 187 with the nigga they call outlaw  
But who gives a fuck who pulled the trigger  
'Cause I know some bitches that shot up a gang a niggaz  
Gettin' off the reservations, breakin' up the docks  
Doin' this with 15 shots  
Babylon, a great look at the bitch while she fall  
Dyin' like a motherfucker with no one to call  
Now it's time to attack, take this motherfucker back  
You bring it on, and it be on

(CHORUS)

Where the fuck ya gonna run, when the fuckin' ground starts shakin'  
Niggaz don't be waitin', niggaz be constantly makin'  
Niggaz with no hesitation, a fuck up in this nation  
To murder the caucasian, the Asian invasion  
So here we come, come, come  
My nigga Rhythm D is on the drum, drum, drum  
The mayday, oh it's a dreadful day  
When no motherfucker can come out to play

It goes (5 gunshots)  
Niggaz lettin' off and the shit is all that  
So stay inside the house if you ain't down  
'Cause you might get caught up you sad faced clown  
Then I'll bring ya to ya knees, fuckin' with these  
Fuckin' with niggaz that's a hive a bees  
We go stingin', but dumbass niggaz keep singin'  
No time for singin', too busy swingin'  
So it's time to attack, take this motherfucker back  
Y'all brought it on, so now it's on

(CHORUS)
