Do ya do ya do ya love me Do ya need a little time? Do ya do ya do ya want me Oh to hold you when you cry

Do ya do ya do ya love me Don't want to here you say maybe Won't you tell me do you love me? Coz I wanna know

I'm making a list of the things that I miss Whenever we're far apart
The way that you kiss
The taste of your lips
I'm telling you from the heart
Coz baby I just wanna know

Do ya do ya do ya love me Do ya feel it in your bones? Do ya do ya dream about me Oh when you're sleeping on your own

Do ya do ya do ya love me Don't want to here you say maybe Won't you tell me do you love me? Coz I wanna know

I'm making a list of the things that I miss Whenever we're far apart
The way that you kiss
The taste of your lips
I'm telling you from the heart
Coz baby I just wanna know

Do ya do ya do ya love me Do ya need a little time? Do ya do ya do ya want me Oh to hold you when you cry

Do ya do ya do ya love me Don't want to here you say maybe Won't you tell me do you love me? Coz I wanna know Yerrr

I'm making a list of the things that I miss Whenever we're far apart
