

Things We Know

Me vs Hero

Spent so many years abroad
Before my mind capsized
Still the dreams that I believed in
Was harvesting the lies!

Pre-chorus:

Its time to wake up
Always stepped the mark
I set when I had hopes!
Lets be honest!
It rarely plays through the way you think
And the truth is
Empty, broken, promises

Chorus:

I guess it goes to show
I guess it goes to show
I guess it goes to show that
We just never know the things we know!

Locked myself inside routines
Left no room to breathe.
Sank my teeth into industry
And got in way too deep.
Patience! I better know!
Better take your drama...
Pull the trigger right now!

Pre-chorus:

Its time to wake up
Always stepped the mark
I set when I had hopes!
Lets be honest!
It rarely plays through the way you think
And the truth is
Empty, broken, promises

Chorus:

I guess it goes to show
I guess it goes to show
I guess it goes to show that
We just never know the things we know!

Wake up! Never stepped the mark
I set when I had hopes!
Wake up!
Wake up!
I guess it goes to show that
We just never know the things we know!
