

A Little Love

Meaghan Smith

Here I go again
Smiling too sweet
Can't seem to hold it in
Every time that we meet
I get this rosy glow
And weak in the knees
I hope you don't know how fast
you make my heart beat

I'm in a little love
And I'm in a little deep
Though I'll never say a word
It's a secret my heart can't keep

Keep my feet upon the ground
Whenever you are near
But my head is in the clouds
While the rest of me is....

Here I go again
Smiling too sweet
It seems that my heart
Has finally gone and told on me
