

Tap That

Megan McCauley

Oh snap, look at that, there you go,
Where you at, slow it down baby,
We should go crazy,
Tempt you, tease you, anything you want to do,
I'll give it to you just how you like it boy.

Don't play dumb, you know you wanted to,
Fill my cup, that's what we came to do.
I'm the boss, keep that in your head,
Don't forget, you know I'm gonna get you.

I'm gonna teach ya how to scream my name,
Your never gonna get away from me
(Yeah I kinda like that, I wanna tap that, you can bet I'm gonna get you)

Come on over here and play with me,
Let me be your dirty fantasy.
(Yeah I kinda like that, I wanna tap that, you can bet I'm gonna get you.. Y
eah)

Head to toe, priceless, my diamonds, flawless,
Kiss the ring, show me, I'm the one and only,
Cause in a few, I'm gonna show ya some-thin' new baby,
And we can do, what you really wanna do.

Don't play dumb, you know you wanted to,
Fill my cup, that's what we came to do.
I'm the boss, keep that in your head,
Don't forget, you know I'm gonna get you.

I'm gonna teach ya how to scream my name,
Your never gonna get away from me
(Yeah I kinda like that, I wanna tap that, you can bet I'm gonna get you)

Come on over here and play with me,
Let me be your dirty fantasy.
(Yeah I kinda like that, I wanna tap that, you can bet I'm gonna get you..)

I'm gonna get you

I know you wanna talk to me,
Just tell me what you wanna see,
And maybe we can do something,
That sometimes leads to other things,
And yeah I kinda want that,
Show me all about that,
Show me you got what it takes to come with me and do it tonight..

Tonight I'm gonna get.. you.

I'm gonna teach ya how to scream my name,
Your never gonna get away from me
(Yeah I kinda like that, I wanna tap that, you can bet I'm gonna get you)

Come on over here and play with me,
Let me be your dirty fantasy.
(Yeah I kinda like that, I wanna tap that, you can bet I'm gonna get you..)
