

For The Last Time

Melissa Etheridge

Honey you know I love you
I've been holdin' out all night
But if you want me you got to tell me
Honey you got to try
I didn't think it would be easy
Didn't know it would be so hard
I need some kind of lover
But you walk me in the park

Gonna tell you for the last time baby
This is gonna be the last time baby
Getting fierce for the last time baby
Ain't no going down for the last time baby
Yeah oh yeah for the last time

I'm getting' anxious
Waiting out in the cold
These hands are way too idle
This excuse is getting old
You won't tell me what's wrong
You won't tell me what's right
You won't even let me touch you
When you're burning in the night

Gonna tell you for the last time baby
This is gonna be the last time baby
Getting fierce for the last time baby
Ain't no going down for the last time baby
Yeah oh yeah for the last time

You won't tell me why
And you won't tell me when
I'm pounding on the walls
But you won't let me in

Gonna tell you for the last time baby
This is gonna be the last time baby
Getting fierce for the last time baby
Ain't no going down for the last time baby
Yeah oh yeah for the last time
