

# Willing To Wait

Melissa Ferrick

Well if I  
Had it all  
All my life again  
Yes if I had it all  
And if we  
Could slow it down  
Wind it down  
'N look at everything that we screwed up  
Look at everything we messed up  
Yeah

Willing to wait  
I will survive  
I will love every minute of my life  
I will not concede  
Look at you  
So proud  
But you lie  
So I will sit here and wait  
Until all your fantasies fall behind

Look at you  
So dead  
Yeah, you've got dead eyes  
But you've got nothing on me brother  
But some kind of distance blood tie

Willing to wait  
I will survive  
I will love every minute of my life  
I will not concede  
I will believe

So if I  
Am not  
Who you thought  
I was  
Well hello  
It's nice to meet you  
It's nice to meet you  
Yeah

Willing to wait  
I will survive  
I will love every minute of my life  
I will not concede  
I will believe

Willing to wait  
I will survive  
I'm willing to wait  
'N I will survive  
You know why

'Cause I am the one  
Who makes you want me  
'N I am the one

Who makes you need me  
I am the one  
Who lets you tease me  
Deceive me  
Now get down on your knees and please me  
Abuse me abuse me abuse me ...
