

You Can Make It All Come True

Melissa Manchester

Everybody needs a vacation
A celebration that would open their eyes
If we could relieve all the tension that I could mention
We'd be free from disguise

You can make it all come true
Baby, you're the one with all of the answers
High inside it's shining through, baby
It's you, baby, baby, it's you

If you're not part of the solution
Of the confusion that I see around me
Maybe you're the one with the answer
Do you have an answer, a plan that would relieve?

You can make it all come true, baby
You're the one it all comes around to
Deep inside it's shining through, baby
It's you baby, baby it's you
You're the one with all of the answers, the answers

You can make it all come true
Baby, you're the one with all of the answers
High inside it's shining through, baby
It's you, baby, baby, it's you
