

# Love Gun

Melody Thornton

Baby, baby  
I'm right where I wanna be  
Baby, baby  
Don't let love make a fool of me  
Aye, I really want it  
Aye, I really need it  
Oh, my body just wanna lie  
Yeah, I can feel it  
When you try to feel me  
Oh boy I just wanna die

When you got one to the head  
And then one more to the heart  
Will make me feel alright  
Oh wont you come set me free  
With me and my misery  
And make me feel alright

Alright, Love Gun!  
Oh you got me baby!  
Love Gun!  
Oh you got me baby!  
Whooohoo!

Baby, baby  
Are you ready for the show now  
Baby, baby  
Oh tonight it's gunna go down  
Ain't no use in running  
Ain't no use in hiding  
I'm wanted dead or alive  
If I promise to surrender  
Will you love me tender  
Or will you let me survive

When you got one to the head  
And then one more to the heart  
Will make me feel alright  
Oh wont you come set me free  
With me and my misery  
And make me feel alright

Alright, Love Gun!  
Oh you got me baby!  
Love Gun!  
Oh you got me baby!  
Whooohoo!

He's a hunter, now I say  
Wonder how long he's been worked today  
Doesn't miss once he takes aim  
Cock back the hammer and BANG!

Love Gun!  
Oh you got me baby!  
Love Gun!  
Oh you got me baby!

Whoohoo!

Love Gun!

Oh you got me baby!

Love Gun!

Oh you got me baby!

Whoohoo!
