

# The One That Got Away

Melody Thornton

Lovin' you is like the pith (Like the doctor)  
Sometimes he don't (And sometimes he love ya)  
Didn't get us very far (All that cheatin')  
And messin' around, already had us a feelin'

Baby don't (don't) cry to me (Don't you do it babe)  
Cus' you made the bed (don't) where you sleep (Don't you do it babe)  
Go head and leave, eat your heart out  
Go on and eat, eat your heart out  
Now listen baby (So long, so long)  
I done cried for you a thousand times  
Now listen baby (Your love is gone)  
But for you I know it lingers on  
Tell me how

Often you think I'm the one that got away  
Often you think I'm the one that got away  
Now when you call me you cry, beg me to stay, stay  
You often think I'm the one that got away  
Now I'm in love (So long, so long)  
I think I found me someone

I was always by your side (When my friends said)  
You'd leave me behind (I knew but I never listened)  
Didn't get me very far (Being loyal)  
To a boy not a man (So young he can't even spoil)

Baby don't (don't) cry to me (Don't you do it babe)  
Cus' you made the bed (don't) where you sleep (Don't you do it babe)  
Go head and leave, eat your heart out  
Go on and eat, eat your heart out  
Now listen baby (So long, so long)  
I done cried for you a a million times  
Now listen baby (Your love, is gone)  
But for you I know it lingers on  
Tell me how

Often you think I'm the one that got away  
Often you think I'm the one that got away  
Now when you call me you cry, beg me to stay, stay  
You often think I'm the one that got away  
Now I'm in love (So long, so long)  
I think I found me someone  
Now I'm in love, I think I found me someone

Hey Hey  
E.A.T. O.U.T. your heart (Hey)  
E.A.T. O.U.T. your heart (Ooooo)  
E.A.T. O.U.T. your heart (Ooooooo)  
E.A.T. O.U.T. your heart  
Now I'm in love, I think I found me someone  
Now I'm in love, I think I found me someone  
Tell me how

Often you think I'm the one that got away  
Often you think I'm the one that got away  
Now when you call me you cry, beg me to stay, stay

You often think I'm the one that got away  
Now I'm in love
