

Heart Gambled Away

Memoria

Give up the chase now
Good luck is back
As I'm the black horse
No argument
You'll lose your money
Or win my heart
Don't tease me, honey
Joking apart

Shuffling the feet when
All's at stake
I watch you shiver, hey hey hey
Give you a lesson
I want to play
The game named poker
Start to pray!

Jack, king or queen
Joker makes the team
Don't hedge bets
Don't hedge bets
Hearts, clubs or spades
Diamonds, croupiers
Don't hedge bets
Don't hedge bets

Fortune wheel clicking
Dice with death
Life is a darkened
Cabaret
I'll lose your money
Or win your heart
Don't tease me, honey
Jokes apart

Shuffle the cards, please
Don't let me wait
I watch your fingers, hey hey hey
Give me all aces
I want to play
The game named poker
Start to pray!

Jack, king or queen
Joker makes the team
Don't hedge bets
Don't hedge bets
Hearts, clubs or spades
Diamonds, croupiers
Don't hedge bets
Don't, don't hedge bets

Our game goes on
Faces hide all the feelings
Pressure's high
Our game goes on and on
No one shows how hard

We are challenging
Lady Luck

Here we go, Lady Luck
