

Solitude - My Life

Memoria

Write down all my names
I simply can't decide who I am
As this awful time
Makes me gather in
All scattered hopes

You know I am
Charmed by easy-going fools
I'm above it
I will get the feeling soon
You shall not turn me down

Wonders come, pass me by
Go in wind that blows
Open up my heart
Crazy fear that feeds on my pain
Has arrived and opened my mind
To the rain

You know I am
Charmed by easy-going fools
And I'm above it
I will get the feeling soon
You shall not turn me down

Amber dawn has come
Bye-bye solitude
No more vain desires
Bridges fall and burn
Manic attitude
Really grabs me hard

Charmed by easy-going fools
I'm above it
I will get the feeling soon
Feel it coming
Charmed by easy-going fools
I'm above it
I will get the feeling soon
You shall not turn me down
