

# Need Me In Your Life

Memphis Bleek

Yo..whats ur problem shorty  
Actin all stink..its cool tho  
One yourself ma...(bitch says somehtin)

Why u mad and actin uptight  
Girl i kno that somethin aint right  
Aint no need for me to lie  
I think that you need dick in ya life  
Why u mad and actin uptight  
Girl i kno that somethin aint right  
Aint no need for me to lie  
I think that you need dick in ya life

Ayo bleek move thru clubs twist up somethin yeah  
A lil hay(hay), memph not frontin  
Then i sip a lil armay where are my momays  
Spread love thats how we do it in marcy  
One of em actin a lil different  
What isnt she missin, what isnt she gettin huh  
She need a nigga that break it any position  
If she take it liek a pro oohhhh  
Let her go nooooo  
You might be somethin to work wit  
Trust im not concerned wit him  
Im not your boyfriend  
Shit im just that nigga you call  
That'll dig up in the roots ma break u off  
And, i cant lie im just a nigga from the syy  
But i, been around a few whores before  
Either me or my boys tore it up before  
But im hopin you not that type  
Ill put it in your life ma

Some say off the liquor you could fuck all night  
But i say that aint true you just be drunk all night  
Its me when im sober i can fuck all night  
Baby girl if we sippin we just drunk all night  
Its cool, first you gotta loose ur attitude  
Invite your girls over let em meet my man murder  
We smoke, talk, get acquainted  
Its get low so you know you gotta sing this  
Whatever happened tonight  
Trust it got to stay between us  
It never happned tonight so when they ask you  
Say you never seen us (bitch)  
Then me and murder get ghost in the convertable  
We just came from fat burger we full  
Thats how we do it in LA from marcy to crenshaw  
The girls all balls huhhhh

When your additude is gone  
You can hit me on my phone  
And maybe ill come get you  
Get up and take you home  
Girl dont take too long  
Just liek a dog i like to rome  
So when you need some dick

Hit me on the hip and ill do you that favor

Listen, anytime you need me just holla  
Ill only hit it if its tight and its propa  
The snatch ups no problem  
Both of that head drop fitted caps  
Now a days they gotta  
You get it snatched you neva get it back  
Somethin just aint right you must aint kill it right  
But, go ahead love just enjoy your night  
Get your man off your mind  
You need me in your life thats right

[Chorus]
