

## Baby Doll

Memphis Slim

What's wrong, baby doll  
We can't get along  
What's wrong, baby doll  
We can't get along  
We don't have fun together  
Now baby, tell me what's wrong  
Have your mind made up  
Before you walk out that door  
Have your mind made up  
Before you walk out that door  
Because one woman, one chance  
You don't get back no more  
I been good to you  
As I intend to be  
I been good to you  
As I intend to be  
Now it seem like, baby doll  
You tryin' to run out on me
