

## Baby You're Wild

## Mental As Anything

Well, I love you baby  
When you're standing near  
Look at me baby  
Now can't you hear?  
You're so good looking  
Now, it must be true  
They all love you baby  
'Cause I do, too  
Oh yeah

I'd like to hold you  
But I'm shaking a lot  
I'm coming for you, baby  
Now, ready or not  
You look so good  
So fast and alive  
I just want to hold you  
Oh, baby you're wild  
You're wild, you're  
Oh, baby you're wild

Well, I don't have the money  
That you like to spend  
I don't know the people  
Who like to pretend  
I don't have a flat  
By the seaside  
Or a big flash car  
With four wheel drive  
Oh no, oh no, oh no

Where are you going now  
Leaving so soon?  
I'll step back quickly  
And give you some room to move  
I'll give you some room to move

Oh, baby you're wild, wild, wild  
Baby you're wild  
So fast and alive  
Like a galloping fire  
Oh, baby you're wild, wild, wild  
Baby you're  
Oh, baby you're wild

Well, I love you baby  
When you're standing near  
Look at me baby  
Now can't you hear?  
Is it something you say  
Or something you do?  
Well, I don't really care  
It's just you, you, you  
Oh, yeah

Well, I caught your eye  
For a second or two

There's a hole right there  
And I'm falling through  
You look so good  
So fast and alive  
I just want to hold you  
Oh, baby you're wild  
You're wild, you're wild, you're

Oh, baby you're wild, wild, wild  
Oh, baby you're wild  
So fast and alive  
Like a galloping fire  
Oh, baby you're wild, wild, wild  
Baby you're  
Oh, baby you're wild

Oh, baby you're wild
