

## Egypt

### Mental As Anything

Egypt, I saw you  
On the television  
I saw your name  
Written on a wall  
I saw your picture  
In a magazine

Egypt, can I ask you  
To lend me your blue sky  
And your dreamy  
Virginal tenderness

I don't know you very well  
But I really like you

Egypt, I'm a gonna  
A, see you soon  
Said I'm a gonna walk on  
Your foreshore

Egypt, won't you hold me  
Like I held a map of you  
I learned your location  
From a travel brochure  
Egypt, I need your  
Sophisticated silence

Egypt I'm a gonna  
See you soon  
I'm a gonna walk on  
Your foreshore
