

Mouth to Mouth

Mental As Anything

No accounting for the weather
Or when the dogs choose to bark
Let's put our mouths together
You're the fish and I'm the shark

Let's put our mouths together
Leave our arms to cling
Let the perspiration free our
Captive skin

I'm fearful of the consequences
Who is breaking whose defences
I could easily talk away all night

Mouth to mouth
Mouth to mouth

Music blowing through the window
Bodies lying on the floor
Just as long as you and I know
What we come together for

I'm fearful of the consequences
Who is breaking whose defences
I could easily talk away all night

Mouth to mouth
Mouth to mouth

Put our mouths together
Leave our arms to cling
Let the perspiration free our
Captive skin

No accounting for the weather
Or when the dogs choose to bark
Let's put our mouths together
You're the fish, I'm the shark
