

My Door Is Always Open to You

Mental As Anything

An empty head inside an empty room
The winters getting even colder
You really couldn't make it here too soon
The waiting can be so hard
I seem to remember saying
My door is always open to you

My door is always open to you
When you turn up out of the blue
I seem to remember saying
My door is always open to you
To you

I think of all the things that we can do
The list goes on and on forever
We'll eat and sleep and drink and wake up too
We can be lonely together
I seem to remember saying
My door is always open to you

Don't stand outside in the hallway
You're a sight for sore eyes
And the times that I see you are few

My door is always open to you
When you turn up out of the blue
I seem to remember saying
My door is always open to you
To you

Come on in
Long time no see
Take a coat off your back
Take a load off your feet

An empty head inside an empty room
The winter's getting even colder
You really couldn't make it here too soon
The waiting can be so hard
I seem to remember saying
My door is always open to you

Don't stand outside in the hallway
You're a sight for sore eyes
And the times that I see you are few

My door is always open to you
When you turn up out of the blue
I seem to remember saying
My door is always open to you
To you

My door is always open to you
When you turn up out of the blue
I seem to remember saying
My door is always open to you...
