

# Splashing

## Mental As Anything

Splashing - making a mess of myself  
Splashing - making a mess of my health

When I go out to a club  
I check my mind at the door  
with a porter in a paper bag  
I pick it up when I leave at four

Soaking up the night with my eyes  
saucers of burning oil  
soaking up things with my paper skin  
my blood is starting to boil

Splashing - making a mess of myself  
Splashing - making a mess of my health

When I go out of my head  
the lights go on in the sky  
I just want to crawl in bed  
I couldn't get up if I tried

Soaking up the night with my eyes  
saucers of burning oil  
soaking up things with my paper skin  
my blood is starting to boil

Splashing

When I'm as big as my uncle Jim  
I'll give you all cause to complain  
walkin' around with boots on my head  
like a missile on a train

Splashing - making a mess of myself  
Splashing - making a mess of my health

Soaking up the night with my eyes  
saucers of burning oil  
soaking up things with my paper skin  
my blood is starting to boil

Splashing - making a mess of myself  
Splashing - making a mess of my health

Splashing, I'm still splashing  
Splashing, I'm still splashing  
Splashing, splashing  
Splashing, splashing
