

## TV Song

### Mental As Anything

I can't wait 'til tomorrow  
Tomorrow don't wait for me  
I'm swimming in a sea of sorrow  
And it's coming out of my TV

I don't know  
Don't know how to turn it off  
I can keep on watching  
Keep on watching all this sad stuff  
I just can't turn it off

I'm watching too many TV shows  
I love my television  
I'm picking up things  
I don't need to know  
I wonder what I'm missing

I don't know  
Don't know how to turn it off  
I can keep on watching  
Keep on watching all this sad stuff  
I just can't turn it off

I don't need the telephone  
I never go out at night  
I'm sitting here  
At home alone

Loving my television  
Just me and my television

I just can't turn it off  
I just can't get enough  
Too much information  
Shoe-horned into my head  
I need some revelation  
To lift me up off this bed

I don't know  
Don't know how to turn it off  
I can keep on watching  
Keep on watching all this sad stuff

I don't know  
Don't know how to turn it off  
I can keep on watching  
Keep on watching all this sad stuff  
I just can't turn it off  
I just can't get enough  
I love my television  
My television doesn't love me  
I just can't get enough  
I just can't turn it off  
I love my television
