

## Come One, Come All

MercyMe

Come you who are weary  
Come you who are strong  
Take in His wondrous glory  
And dance the freedom song  
Everything revolves here  
Around His holy name  
And after you have been here  
You'll never be the same

Come one, come all  
To the presence of our God  
This is where all hope and peace and joy are found  
Come taste and see  
We've been summoned by the King  
Enter in and place your feet on holy ground

Come you who are searching  
Come you who are saved  
Embrace the gift of mercy  
Embrace the gift of grace  
Enter all you nations  
Worship at His throne  
Glorify the wonder  
Of Christ and Christ alone

Yeah

We'll shine the light of gloria Yeah
