

Writhing and embraced,  
Retribution. Soul eclipse turns solid  
Energized. Sucking vomit acting like it's honey  
Deprived of I  
Falling while thrusting squares through circles  
Serving one single new dimension

Terror rising. Agnostics nemesis. A prophet of extinction

I scorch the skies before your very eyes  
My deliverance - enslavement labelled: love

Just trust this nemesis to sign and seal extinction
