

It's Friday night
What's going on tonight
I'll see her later on tonight

But now it's time to roll
This somber state is getting old
Well I never do what I am told
So now we're gonna roll
And now we're gonna roll

With the top down seat back rollin' in my Cadillac
With the top down seat back rollin' in my Cadillac

We order another round
My girl's nowhere to be found
I hope she gets here soon before I'm fallin' down

Cause now I'm all torn up
I feel like I might throw up
Then I get word my girl's showin' up
So now I'm gonna roll
And now I'm gonna roll

With the top down seat back rollin' in my Cadillac
With the top down seat back rollin' in my Cadillac

Rollin'
With the top down seat back rollin' in my Cadillac
Self control knowing right from wrong is what I lack
Top down seat back
Rollin' in my Cadillac

Top down seat back wi wi wi wi with the
Top down seat back wi wi wi wi wi with the
Top down seat back top down seat back top down seat back
Rollin' in my Cadillac

Rollin' in my Cadillac
Top down seat back wi wi wi wi with the
Top down seat back seat back seat back
With the top down seat back wi wi wi wi wi with the
Top down seat back top down seat back

Rollin'
With the top down seat back rollin' in my Cadillac
Self control knowing right from wrong is what I lack
Top down seat back
Rollin' in my Cadillac
Top down seat back
Rollin' in my Cadillac
Top down seat back
Rollin' in my Cadillac
