

# Good Die Young

Mest

What just happened,  
This can't be real  
Why is everything standing still?  
Is this a nightmare,  
that can't I wake up?  
Everything's wrong here  
I feel like giving up  
Someone please give me a sign  
Let me know I will be fine  
Promise me I will see you on the other side

R: Why do the good die young?  
Why did you have to leave me,  
standing here all alone?  
Why do the good die young?  
Why did you have to leave me,  
standing here all alone?

Uh ou oh oh oh  
Uh ou oh oh oh  
Standing here all alone

Your life was cut short  
Now mine feels too long  
How can I do this  
I don't think that I'm strong  
enough to get through  
this life without you  
You make me want to come pain with you

R:

Singing out loud these songs for you  
(For you!)  
Watch over me, help me get through  
(Get through!)  
Through these long days feeling helpless  
(Helpless!)  
You my friend will be missed  
(You'll be missed)

R:

Uh ou oh oh oh  
Uh ou oh oh oh  
Standing here all alone
