

Goodbyes

Mest

The street lights blinking under the night sky I've been thinking
And they want something more
It's not that I won't miss you
It's not that I don't need you
But if I stay I know what's in store

But I gotta go
And I'll miss you so

Say your goodbyes tonight
I'm leaving I don't know when I'll be home
Say your goodbyes tonight
To the places I love and all I've known

I hope you understand
That I'll never change who I am
I just need something bigger than this
I don't wanna let you down
But I gotta leave this town
I was meant to live so much more
But I gotta go
And I'll miss you so

Say your goodbyes tonight
I'm leaving I don't know when I'll be home
Say your goodbyes tonight
To the places I love and all I've known

I never wanted to wonder
I never wanted to feel
The thought of never knowing
What it was out there
Looking back on the time
Questioning what if
I had never left you
All that I would have missed

I said my goodbyes that night
It looks like I'm never coming home

Say your goodbyes tonight
I'm leaving I don't know when I'll be home
Say your goodbyes tonight
I'm leaving I don't know when I'll be home
