

## R Ska Song

Mest

Well I went to your house and I knocked at the door  
parents tell me to get down on the floor  
I got nothing better to do so I say hey  
fuck you

And I really hate your mother  
I really hate your father  
they're always picking on me

I went to the record store  
I had no money  
I lost it all on a bet  
I don't think that it's too funny  
now I can't buy minor threat

And I really hate your mother  
I really hate your father  
they're always picking on me

I stay stay stay far away  
maybe I'll be back another day  
parents tell me to get a job  
and I really don't care what they say

And I really hate your mother  
I really hate your father  
they're always picking on me

Went to the record store  
I had the money  
I lost it all on a bet

Well I don't think that it's too funny  
now I can't buy minor threat

And I really hate your mother  
I really hate your father  
I really hey hey hey hey hey  
on me  
on me  
on me  
on me hey hey  
let's go
