Metal Inquisitor

Life isn't easy, every day bad luck
Piecework job, workmate fools, steady tired as fuck
But there is a special fried - call him Sleazy Sneak
Happy as a pig in muck while serving on his knees

Change - the gist of belief
Reconsider
Visit the core of creed
Stretch - a brown nose
Out to heaven

His message is himself, his product is a shell
A mainstream man, career guide, soul is to sell
His campaign is to get ahead, no one there to stop
A fool who thinks, there is a chance,
That he'll never reach the top

Stretch - a brown nose
Out to heaven
