

Re-Sworn the Oath

Metal Inquisitor

The early days, somewhere in the past, a flood broke against the mad
The believed that better times should come - a lie: time ends such sad

The evil fear, makes no room resist, an orbit telling a violent call
Another land, how can this be real, salvation of morbid fall

Never recall, scary fall, open the gates for dying,
Never recall, scary free fall, open the gates for dying alone

What is dead may never die
What is dead may never die
Re-sworn the oath, you'll never fear
What is dead may never, never die

Their destiny: Every life will fade! But could there be an endless dream?
Eternity - no one imagines that! Universe - a brilliant beam!

The evil fear, makes no room resist, an orbit telling a violent call
Another land, how can this be real, salvation of morbid fall

Never recall, scary fall, open the gates for dying,
Never recall, scary free fall, open the gates for dying alone

What is dead may never die
What is dead may never die
Re-sworn the oath, you'll never fear
What is dead may never, never die

Never recall, scary fall, open the gates for dying,
Never recall, scary free fall, open the gates for dying alone

What is dead may never die
What is dead may never die
Re-sworn the oath, you'll never fear
What is dead may never, never die
