

# Hellride of Steel

**Metal Law**

Run to the battle  
Revive all the gods of war  
Too late to pray  
When you know  
The time has come  
This is the price to pay

Hand on your blade  
The rush of your blood  
You can hear  
Ride down to hell  
When you know  
The time has come  
Fight to prevail

Hail, wind and fire  
Brothers of war in arms  
Under these skies  
By the power strong as steel  
Meet your demise

Enter the fight  
Awaken the gods of war  
Swords in the wind  
With the power strong as steel  
Scream, kill and die

Hellride of steel  
Hellride of steel...
