

Lord of Evil

Metal Law

Crawling demons
They hunger for my soul
Creatures in the dark
My heart's on fire
But my breath starts to freeze
Evil's watching me tonight

This dream, my reality
In the dark it's haunting me again
This dream, my reality
Can't escape the infinite pain

Blood red wings
Smoke and fire trail his path
Of evil has come

"Scream in terror
You will do as I please
Evil's taking what is mine"

This dream, my reality
In the dark it's haunting me again
This dream, my reality
Can't escape the infinite pain

Lord of evil
Your eyes bright as fire
Lord of evil
Your wings take me higher...

Lord of evil!
