

Provider

Micah Stampley

If you know your God is a provider
Put your hands together like this
Come on

Come on, yeah
Come on everybody
Hey
That's it
Listen

I know You as Provider
I know You as Provider
I know You as Provider
You keep providing for me

Help me sing now

(I know You as Provider)
(I know You as Provider)
(I know You as Provider)
Keep on
(You keep providing) that's it (for me)

Say it again now

(I know You as Provider)
(I know You as Provider)
(I know You as Provider)
Uh huh
(You keep providing for me)

I love this next part

I'll give
(And I'll give You all the glory)
(And I'll give You all the honor)
(Because You never let me down)

(And I'll give You all the glory)
(And I'll give You all the honor)
(Because You never let me down)

When my way seems so lonely
And no one to come to my rescue
I call your name in my darkness Lord
You came to me with good news

And when I didn't know what to do
You heard me
Yeah You heard me in the cold of night
Provider my sustainer
You upheld me
Compelled me to the light

(I know You as Provider)
Yup
(I know You as Provider)

(I know You as Provider)
Keep on
(You keep providing for me)

If he's been that to you come on

(I know You as Provider)

I know
(I know You as Provider)
I know
(I know You as Provider)
Keep on
(You keep providing for me)

Y'all sound good

I'll give
(And I'll give You all the glory)
Ooh
(And I'll give You all the honor)
(Because You) never let me down (never let me down)
You deserve the glory

(And I'll give You all the glory)
All the glory and I
(And I'll give You all the honor)
(Because You never let me down)

Alright let's take it out
Everybody sing oh

(Oh oh oh oh oh oh ooh oh)
Make it beautiful say
(You never let me down)
That sounds good

(Oh oh oh oh oh oh ooh oh)
Never let me down
(Never let me down)
Never let me down

(Oh oh oh oh oh oh ooh oh)
Ooh oh never
(Never let me down)
Say you never let me

(Oh oh oh oh oh oh ooh oh)
(Never let me down)
You will never leave me by myself

(I know You as Provider)
Ooh
(I know You as Provider)
I know
(I know You as Provider)
Keep on
(You keep providing for me)
I know You as
I know You as Provider

(I know You as Provider)
You hold me tighter

(I know You as Provider)
Always providing for me
(I know You as Provider)
Always making a way
(You keep providing for me)

That's it
Hahahaha... yeah
