

# Heavy Traffic

Michael Cretu

Heavy traffic, highway song  
Steely bodies on parade  
Heavy traffic, roll along  
High performance cavalcade  
Heavy traffic, rubber burning  
All together, stop and go  
Heavy traffic, miss a turning  
Interrupt the traffic flow

If I ever get to heaven  
I'll be sure to go by train  
If I make it home by seven  
I'll never drive again

Heavy traffic, stormy weather  
Monday morning on the road  
Heavy traffic, wait forever  
Following an overload  
Heavy traffic, never-ending  
Spitting poison in the air  
Metal river, who's pretending  
You won't ever get me there

If I ever get to heaven  
I'll be sure to go by train  
If I make it home by seven  
I'll never drive again
