

# The Cool School

Michael Franks

Am I a dinosaur, yeah you bet  
I grew up listening to Mose and Chet  
Let others fume and fuss  
Belabor the Obvious  
Me, I'm a child of the Cool School  
Me, I attended the Cool School

When we make love I'm too lost to speak  
I sing no arias cheek-to-cheek  
She is fortissimo  
Me pianissimo  
See, I'm a child of the Cool School  
Me, I attended the Cool School

If define "cool" you must  
It's kind of ambiguous  
Something you sure can't pretend  
One way to tell you see is  
When your inner harmony  
Always turns blue in the end
