

# Sad As The World

Michael Kiske

Do it again  
Say it again  
My darling  
Your soul is crying  
Burning within  
Life's party

She's sad sad sad as the world  
She's sad sad sad as the world  
In my head I get what she's worth  
But she's sad sad sad as the world

Sweet as her tears  
Nothing appears  
As beautiful  
The love that she gives  
Says that you live  
Unbeatable

She's sad sad sad as the world  
She's sad sad sad as the world  
In my head I get what she's worth  
But she's sad sad sad as the world

And all I have to say I can't stop to obey  
And so she cries, cries, cries, cries!

[solo]

Do it again  
Say it again  
My darling

She's sad as the world  
She's sad as the world  
In my head I get what she's worth  
But she's sad as the world
